Dear Customer:

In compliance with your request, our manufactured products fall under the OSHA definition of "ARTICLES" which do not release, or otherwise result in exposure to a hazardous chemical under normal conditions to use <29 CFR part 1910 1200 para B (6) c>.

Under provisions of this regulation "ARTICLES" are exempted from the HCS and thus providing Material Safety Data Sheets is not a requirement as it applies to the ultimate end use of the product.

Sincerely,
Charles C. Hager, Jr.
Executive Vice President and
Chief Operating Officer
