NOTE 1: PLACE SHIMS BETWEEN THE EXIT DEVICE AND DOOR STILES AT THE HEAD CHASSIS AND END CAP.

SHIM KIT INCLUDES:
1. TWO 1/8" THICK HEAD CHASSIS SHIMS.
2. TWO 1/8" THICK END CAP SHIMS (WITH WIRE ROUTING HOLE).
3. MOUNTING SCREWS (NOT SHOWN).

NOTE 2: ADDING SHIMS MOVES THE EXIT DEVICE FARTHER AWAY FROM THE DOOR AND THE STRIKE MUST MOVE WITH THE DEVICE. FOR EACH SHIM ADD AN 1/8" TO THE STRIKE DISTANCE.
