The Torres Arcos Bosques II consists of two towers joined by a bracket. The towers shoot 161.2 meters into the sky and include 34 floors and 5 underground levels for parking. Inside the towers, a shopping center boasts restaurants, shops, a theater, banks, a library, and a children's play zone. The towers also feature a five star hotel and office space that has been designed with minimalist architecture and plenty of natural lighting.

Hager provided 3200 Series deadlocks, 3500 Series cylindrical locks, 5200 Series surface door closers, 4700 Series Rim exit devices and accessories, architectural hinges, door pulls, jamb weatherstripping, saddle thresholds, and door bottoms.
