FOR IMMEDIATE RELEASE:

3300 Series Grade 3 Tubular Added to Hager Companies' Product Lines

ST. LOUIS – Hager Companies, a leading U.S. manufacturer of commercial and residential door hardware products, announces the release of the new Grade 3 Lock, 3300 Series. This new series of tubular leverset is BHMA Certified ANSI A156.2 Grade 3 test standards and ADA compliant ANSI A117.1. It's offered with a 4-way latch, adjustable 2-3/8" x 2-3/4" backset and square and round corner faceplates, and is field reversible providing versatility for most retrofit applications.

Available in four lever styles – Archer, August, Johnston and Withnell and four functions – Passage, Single Dummy, Privacy and Entry; the 3300 Series is a perfect solution for suiting with Grade 1 and Grade 2 Hager products in multi-family and assisted living facilities applications.

About Hager Companies

Founded in 1849, St. Louis-based Hager Companies offers more than 6,000 full-line quality door hardware products under one brand name. Hager's 13 product lines include commercial and residential hinges, Roton® continuous geared hinges, stainless steel continuous hinges, exit devices, locks, door controls, auxiliary, thresholds and weatherstripping, sliding door hardware, access control products and Euroline, our European hardware line. Hager focuses on architectural door hardware that exceeds today's building standards that are built to last. For additional information, visit www.hagerco.com.
