FOR IMMEDIATE RELEASE:

KS – Keys as a Service Platform Added to Hager Companies’ Electronic Access Control Product Line

ST. LOUIS – [Hager Companies](#), a leading U.S. manufacturer of commercial and residential door hardware products, announces the release of the Hager powered by Salto **KS – Keys as a Service**, an HS4 electronic access control platform for mobile and remote administrators. KS is a cloud-based access control platform that is managed from a smartphone, tablet, or PC, and accessed from a remote software engine.

Always up-to-date with the latest features via instant updates and add-ons, the KS platform is easily maintained and managed. Infinite in size, it ensures real-time monitoring and immediate resolutions of any issues with a clear audit trail. These benefits and features make the KS platform perfect for retail, rental properties, and the ever more popular shared workspace markets.

About Hager Companies

Founded in 1849, St. Louis-based Hager Companies offers more than 6,000 full-line quality door hardware products under one brand name. Hager’s 13 product lines include commercial and residential hinges, Roton® continuous geared hinges, stainless steel continuous hinges, exit devices, locks, door controls, auxiliary, thresholds and weatherstripping, sliding door hardware, electrified solutions, access control products, and Euroline, our European hardware line. Hager focuses on architectural door hardware that exceeds today’s building standards that are built to last. For additional information, visit www.hagerco.com.
